

Workers' Compensation Fraud (AOE/COE)

Workers Compensation Fraud: We prove legitimacy of workers compensation claims! We do not just try to impeach the claimants. As professionals who have to adjust claims, we know that many are serious and can be proven correct. We at The McCausey Group foster an environment where we look to establish hard facts. This approach is tenacious and objective, saving you the hassle of inadmissible reports and evidence.

Workers' compensation claimants sometimes exaggerate their claims to collect higher benefits. This can greatly affect the bottom line of even the largest organization. Workers' compensation is usually a state-provided protection in the United States. *Compensation* schedules vary from state to state. **Insurance** is typically provided based on the type of injury and the degree of disability of the worker. This is where The McCausey Group takes the lead.

In many circumstances workers compensation claims are incorrect or have been misled. The McCausey Group conducts **investigations** for the employer or the insuring agency, providing actual real-life examples of how the claimant is adhering or progressing through the healing or disabled process.

Many of our clients use not only when they are suspicious but whenever they have a claim. We are available now to assist you on the inquiry process.

We also handle "HARD TO INVESTIGATE" Workers' Compensation Claims Investigations:

- Assault
- Back Injury
- Cardiac
- Horseplay
- Occupational Diseases
- Hernia

We are out-of-state specialists; we can help you when your claimant has moved from one state to another.

Surveillance or Sub-Rosa

Professional video surveillance (or sub-rosa) and accident reconstruction are the best ways to make a fair and impartial **investigation of a worker's compensation claim.**
